## Opal Health Disposable Cubicle Curtains Specification Sheet

- Opal Health Disposable Curtains are the quick, efficient and hygienic alternative to traditional cubicle curtains.
- Disposable curtains are the best way to maintain a safe, hygienic environment whilst offering higher privacy levels than most conventional curtains.

The main advantages to using Opal Health Curtains are:

- We are the only company to offer bulk loading fast-fit systems for all existing track types
- We only use 120gsm fabric for enhanced durability and patient privacy
- Our curtains offer substantial savings over conventional curtains
- We can offer bespoke colours and prints as well as custom sizes
